

Autumn 2020

MASTER OF MARINE AIDS TO NAVIGATION MANAGEMENT COURSE

Online delivery

The International Association of Marine Aids to Navigation and Lighthouse Authorities, through the World-Wide Academy is hosting a Master of Marine Aids to Navigation Management course online in autumn 2020.

BACKGROUND

IALA Recommendation R0141 on the Training and Certification of Marine Aids to Navigation (AtoN) Personnel states that the successful delivery of AtoN services depends upon competent and experienced personnel to implement and maintain such aids.

IALA Model Course L1.2, which is related to the provision of a Master of AtoN Management qualification, is an extension of the existing IALA Level 1.1 Marine AtoN Manager course.

Whilst the Level 1.1 course focuses on training the operational, technical and managerial aspects of AtoN service provision at a practical level, the Master of AtoN Management course is more theoretical and addresses key aspects of AtoN governance from a strategic perspective aimed at senior management personnel concerned with AtoN service provision or its supervision.

OBJECTIVE

The Master of AtoN Management course consists of two modules. Module one covers areas of knowledge in which senior AtoN managers are required to have knowledge and skill related to governance and strategic management. Module two is a group task to produce a specific strategic analysis of an AtoN authority.

COURSE PROGRAMME

The course will cover a range of topics based around the following broad subject headings:

- Governance of AtoN services,
- Technical aspects of AtoN management,
- Funding of AtoN services,
- Human resources, competencies and planning,
- Preparation of a strategic plan.

The course will consist of interactive lectures from a range of experts followed by a group exercise.

To successfully complete the course, participants must contribute fully to all of the interactive lectures, discussions and group exercises with their knowledge, skill and experience.

COURSE ENTRY REQUIREMENTS

The following list provides the criteria for the selection of participants:

- A demonstrable competence in English to IELTS level 5 or equivalent; and
- At least one of the following proven competencies or qualifications:
 - A. L1.1 Alumni, ideally with at least two years subsequent experience as an AtoN manager, or;
 - B. at least five years evidence backed experience as an un-certified AtoN manager in an internationally recognised AtoN service provider, or;

- C. at least five years experience in the maritime department of a national Competent Authority or maritime administration.

Candidates not meeting the criteria above but holding a demonstrable competence in the English language to IELTS level 5 or equivalent, may still apply and should submit an application accompanied by a CV to the IALA World-Wide Academy at academy@iala-aism.org for consideration.

REGISTRATION FEE

The cost of participating in this course is **€1,000..**

REGISTRATION

Registration should be made online or via the attached application form. All applicants should provide a short CV.
