

Circular Letter 21/2022

1 February 2022

Subject: IALA Heritage Lighthouse of the year 2022

To: All IALA members

Dear IALA Member,

The nomination for the 2022 IALA Heritage Lighthouse of the Year Award was published on the website.

It is another opportunity to place your most precious lighthouses in the spotlight and perhaps there is a great job of lighthouse conservation or public education and access you would like to celebrate and have recognised worldwide.

A Heritage Lighthouse is any lighthouse of cultural significance which goes beyond its current function and time. It does not have to be old, but it must have a cultural value.

The submitted nominations will be published on the website and the nomination form containing guidelines is available at: <https://heritage.iala-aism.org/nominate-a-lighthouse/>

The deadline for submission is 28th February 2022.

Yours sincerely,

Francis Zachariae
Secretary-General
