Article 1 - Name

The International Association of Marine Aids to Navigation and Lighthouse Authorities, hereinafter referred to as “IALA”, formerly called the International Association of Lighthouse Authorities / Association Internationale de Signalisation Maritime, is an international association established and governed by the French law of 1st July 1901 and the decree of 16th August 1901.

The term “Marine Aid to Navigation” referred to in the present Constitution should be understood to be a device, system or service, external to a vessel, designed and operated to enhance safe and efficient navigation of individual vessels and vessel traffic.

Article 2 - Aim

The aim of IALA is to foster the safe, economic and efficient movement of vessels, through improvement and harmonization of Marine Aids to Navigation worldwide and other appropriate means, for the benefit of the maritime community and the protection of the environment.

IALA is secular and non-political.

IALA brings together services and organizations concerned with the provision or maintenance of Marine Aids to Navigation and allied activities, at sea and on inland waterways.

Article 3 - Functions

The aim of IALA is achieved by, among other things:

- Developing international cooperation by promoting close working relationships and assistance between members.
- Collecting and circulating information about the activities of its members as well as encouraging, supporting and communicating recent developments.
- Facilitating mutual exchange of information with organizations representing the users of Marine Aids to Navigation.
- Formulating and publishing appropriate standards, recommendations and guidelines, manuals and other appropriate papers.
- Encouraging members to take into account the development of multi-purpose systems which may also be used, for instance, to monitor the marine environment.
- Establishing committees, working groups or other such bodies as may be appropriate to study special issues.
- Facilitating assistance to services or organizations requesting help within the Marine Aids to Navigation and allied fields, whether technical, organizational or training.
- Organizing conferences, symposia, seminars, workshops and other events relevant to its work.

These minutes shall be distributed to all National member delegations, which may submit their proposed corrections in writing to the Chair. Any disagreement on the proposed corrections shall be decided by the Chair after consultation with the members concerned.
- 3 The minutes will be adopted by the General Assembly in session, or if necessary, by correspondence.

 - b If no payment is received by 1 July the Secretary-General will contact the member, requesting payment and inviting the member to discuss any difficulties that would justify IALA considering a payment plan.
 - c If no payment is received by 1 February of the following year the Secretary-General will, until June of the same year, establish contact with the member's senior executives to encourage payment action.
 - d If the contribution remains unpaid and the member has not entered into negotiation with IALA the Secretary-General will inform the Council of the unpaid contribution.
 - e The Council may suspend membership rights or terminate membership with effect from 31 December of the year following the year the payment fell due.

Any member deprived of its rights and benefits in accordance with the above will be able to regain full membership status at any time upon payment of the entire amount in arrears.

The WWA fund must be administered in accordance with Article 11.

Article 13 - Industrial Members Group

A reserve is created in the Balance Sheet to cover the expenses related to the main events and duties of the Industrial Members Group (IMG).

This reserve is established as a dedicated long-term source of funds available to IALA for expected expenditure foreseen every four years at the occasion of the IALA Conferences (including the Industrial members' exhibition).
