

IALA COUNCIL 80th session

24-28 Juin 2024
Istanbul, Türkiye

15 –MEMBERSHIP

15.1 –Applications for membership

Note by the Secretariat

1. BACKGROUND

Since the last Council session, the Secretariat received **14** new applications for membership: **12** are for Industrial membership and **2** are for Associate membership. All were provisionally accepted. They are now in the need of the Council endorsement.

2. APPLYING ORGANIZATIONS PROVISIONALLY ACCEPTED

2.1 For Industrial Membership

- **Technomar Engenharia Ltda, Brazil (4BRES08)**: this organization designs products and develops engineering projects for marine aids to navigation. The application was submitted on 22 February and the contribution for this year is settled.
- **Ocean King marine Services Ltd, Cyprus (4CHYP02)**: this organization supplies various solutions for navigational safety and conducts underwater surveys of vessels. The application was submitted on 9 January and the contribution for this year is settled.
- **Brasal Marine Services CY Ltd, Cyprus (4CHYP03)**: this organization provides underway survey services. The application was submitted on 9 April.
- **Full Oceans, France (4FRAN21)**: this organization has been a member from 2016 to 2018. But their membership was terminated in December 2018 for non-payment of the contributions. A new application was submitted on 1 March. They have undertaken to meet their obligations this time, as their business is doing much better. The contribution for this year is settled.
- **Aqua-Module, France (4FRAN25)**: this organization has been a member from 2018 to 2019. Their business was focused on pleasure boating. They have decided to extend their activities to marine aids to navigation. By joining IALA, they want to ensure that they comply with international standards. The application was submitted on 8 April.
- **PT Jaya Admiral, Indonesia (4INDO15)**: This organization is specialized in marine survey, equipment supplies and engineering services. The application was submitted on 1 April.
- **Prodar, Mexico (4MEXI04)**: this organization has been a member from 2019-2021. But due to the pandemic effect in their business, they could not meet their obligations and their membership was terminated in December 2021. A new application was submitted on 2

February, and they have undertaken to meet their obligations. The contribution for this year is settled.

- **Tidalis BV, The Netherlands (4PAYS23):** this organization was launched during the IALA conference as part of SAAB. However, they have decided to have their own membership. They provide engineering, software design, project management and customer support for the maritime industry. The application was submitted on 5 January. The contribution for this year is settled.
- **Sonarsea Kara Ve Deniz, Türkiye (4TURQ11):** this organization is familiar with IALA recommendations and guidelines. They are specialized in marine electronic, software and mechanical equipment. The application was submitted on 19 January. The contribution for this year is settled.
- **GS Marine Valve & Ship Supply, Türkiye (4TURQ12):** this organization has 20 years' experience as a manufacturer of marine aids to navigation equipment and solutions. The application was submitted on 12 February.
- **Geoseas Marine Protection and Demarcation Products, United Arab Emirates (4EMAR10):** this organization supplies government port authorities and others with marine -engineered products like silt curtains, geosynthetic containers, oil booms safety barriers, and other aids to navigation. The application was submitted on 11 March.
- **Aselsan A.S, Türkiye (4TURQ13):** This organization develops critical technologies such as underwater acoustics and sonar systems, combat systems design and integration, unmanned vehicle and marine electro-optical systems. The application was submitted on 6 June.

2.2 For Associate Membership

- **DSA Ocean, Canada (3CANA02):** this organization consists of a small team of engineers working primarily on aquaculture and metocean mooring analysis. They are currently conducting research and are considering developing a product to help AtoN sector. They may then consider Industrial membership. The application was submitted on 24 May.
- **Colegio Oficial Nacional de Prácticos de Puerto de España, Spain (3ESPA04):** this organization is a maritime pilotage College, and it belongs to the Spanish Pilots Association. The application was submitted on 04 June. The contribution for this year is settled.

THE COUNCIL IS INVITED TO

Endorse acceptance of all organizations listed above under **2.1 and 2.2**.
